

JOSUE DE LOS SANTOS

Software Developer

About Me

I am a developer who specializes in React apps, I have been working on personal projects since 2022 hoping to join a company that allows me to grow as a software developer.

EXPERIENCE

JavaScript

2022- 2023

Worked on 14 JavaScript personal projects, among them: a Battleship game, a To-Do and a Weather app.

Node-JS and React

2023- Present

I have developed many React applications and several APIs with Node-JS. I am currently developing full-stack applications with Next-JS.
